Dear The Federal Communications Commission,

I am a single mom of four kids struggling to attend school full-time myself. It is essential that I have a cell phone for my childrens schools to contact me, this is the only way I can be reached while in the shop at school. I use a prepaid service becuae I spend very little time on the cell phone, for me to take on the same burden as high volume businesses is UNREASONABLE!

I don't want to lose these benefits so that big businesses can pay less than their fair share. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!

Sincerely,

Christine Myers
